

Pursuant to Clause 7: Amendment of Bidding Documents of Section 1. Instruction to Bidders, IOM is modifying Section III. Technical Specifications of the Bidding Documents by issuing the following amendment for item 2 (Mobile Surveillance System equipped with EO-IR cameras and radar) and item 3 (Mobile Surveillance System equipped with EO-IR cameras).

Point 5.2.4 is amended and it now reads:

5.2.4 The electronic unit shall have a separate digital terrain model for each Member State of the European Union, Republic of Macedonia, Serbia, Bosnia and Herzegovina, Albania, Montenegro and Kosovo. The digital terrain model of selected country (or countries) should be chosen and loaded by operator.

Point 5.2.5 is deleted from the technical specifications. All subsequent points are re-numbered.
