

Q. Please confirm that in case of participation of a consortium of two or more companies – Manufacturer’s Authorization Forms issued on the name of the separate members of the consortium will be accepted?

A. Yes, this is acceptable.

Q. We need clarification regarding consortium of two or more companies. Please clarify if it is acceptable for ISO certificates and/or MAF documents issued on behalf of one of the members of the consortium to cover the requirements for the entire consortium.

A. Yes, this is acceptable.

Q. Is it acceptable to offer partial scope as well?

a) “XXX” company offers only a part of the requested elements (for example the shelter with sensors and IT but without the vehicles); or

b) an consortium consisting of “XXX” and another company offers all requested elements, where IOM would contract both parties via one contract consisting of two parts (i.e. one shelter part with “XXX” as responsible party and one vehicle part with the other company as responsible party)

A. a) this is not acceptable.

b) this is acceptable
