## **PROCUREMENT OF WORKS/SERVICES**

Construction of Community Evacuation Center in Barangay Campesao, City of Borongan, Eastern Samar

### **BID BULLETIN Addendum No. 1**

This Addendum No. 01 is issued to modify information provided in the Bidding Documents for the Construction of Community Evacuation Center in Barangay Campesao, City of Borongan, Eastern Samar, issued to prospective Suppliers on February 22, 2016.

1. When changes are made to the BOQ, the contractor should issue a methodology and statistical computation to justify the modification made that will specifically refer to the original specification and BOQ.
2. When a contract contains brand name specifications, a potential contractor can review the technical specifications for a product substitution and can often obtain a competitive edge by basing a bid on an equal product that is less expensive than the brand-named product specified.
3. Site survey can be scheduled to assess/evaluate the accessibility of the paths, roads and conditions for proper transportation planning. GPS coordinates can be used as a tool to get the latitude and longitude of the site place and location on the map.
4. Bids shall be submitted in a sealed envelope on or before **3:00PM of August 11<sup>th</sup> 2016**. At the indicated time and place, the opening of Quotations shall be carried out by IOM Bids Evaluation and Acceptance Committee (BEAC) on **August 11<sup>th</sup> 2016, 3:00pm at the same time**. IOM reserves the right to conduct the opening of Quotations in public or not.
5. General Instruction to Contractors are all available at the IOM website (pre-qualification requirements (annexes), copy of the plans, BOQ and technical specifications. Please refer to the hyperlink <https://www.iom.int/procurement-opportunities>.

Meeting Adjourned: August 4, 2016 ; Time 2:37pm

N.B. Please submit the best price to offer.

### **Annexes (see attached Guiuan Community Evacuation Center)**

For your information and guidance. Thank you.
